THE ORIGINAL SANTA FE WHISKEY IS AN  
UNABASHEDLY ORIGINAL SINGLE MALT.

Double-distilled in a copper pot still, The Original Santa Fe Whiskey is carefully handcrafted from mesquite-kilned malted barley. Patient, traditional aging in a combination of new American White Oak and once-used bourbon barrels marries The Original Santa Fe Whiskey's rich smoke profile with deep, full flavor, resulting in a truly unique yet timeless Single Malt whiskey.

### SANTA FE'S LOCAL DISTILLERY

The spirit is different at 7,000 feet. Distilled at the foot of the Sangre de Cristos, Santa Fe Spirits delivers the soul of the Southwest in every sip.
